

## 2018 Housing Information

For MELT participants who need housing while attending a 2017 MELT Institute, MELT has been able to get a number of local hotels to agree to discounts for MELT participants. Since Appalachian State University cannot promote one hotel over others, below is a list of all Boone hotels that have agreed to discounts in order of price. Participants are invited to investigate these hotels and others in the area for the prices and amenities they desire.
